

## **RMCA Website and Forums Workshop.**

*Relationships Australia Building, 36/40 Gurwood St, Wagga Wagga*

*21<sup>st</sup> June 2015 after our meeting for an hour or so.*

**\*\*Please print out and bring with you this and all other attachments attached to this email as you will need them for your own use.\*\***

Our website has been changed over to our association's new name and it has been proposed that we conduct another round of basic website training on the 21<sup>st</sup> June 2015, after our meeting. I apologise for the late notice so this training will proceed only if enough members are interested to listen to me for an hour or so!

Since the RMCA (formerly the SEACMCA website) website has been so important to a few of us in the way we communicate with one another but most of you are not taking full advantage of your access to our website and forums.

So our session on the will be based on:

1. Logging In;
2. Editing/Adding your celebrant entries onto the RMCA website Directory;
3. The RMCA website Forum and creating a your own forum signature;

So, if you have a portable computer, a laptop, notebook or even an iPad with internet access, please bring it along. We are hoping to have a small amount of time for some hands on the day!

If you have never, or has been sometime since you have been to the old SEACMCA website or the new RMCA website, please bookmark the website address on your browser for faster access on the day. The address is <http://www.riverinamarriagecelebrants.com.au/>.

Could you also bookmark the RMCA Facebook on your browser, the address is <https://www.facebook.com/RivMCA>. If you are not a Facebook user, you will not be able to proceed past the "sign in" page, but that's ok, we'll perhaps discuss Facebook in depth another day.

For those of you who do not have access to a portable computer all is not lost, you will also be able to achieve a positive outcome from this brief workshop without one.

Feel free to take as many notes as you wish, as we all know why we will be attending!

See you on the 21st June,

Kind Regards,

*Barry Blundell*
